## We're at your disposal.

RESIDENTIAL, COMMERCIAL, CONSTRUCTION & RECYCLING

For over 15 years, Island Waste Carriers (IWC) has been equipping the construction, residential and commercial community with waste management education and service. The expertise and knowledge we provide is vital to ensuring that our islands remain a pristine destination to live, work and visit.

Today IWC operates a fleet of 15 trucks and has 300 containers in assorted styles from skips, roll-offs, front loaders and compaction units. IWC's internal maintenance and repair division possesses professionally qualified technicians, mechanics and welders which has kept our service strong and our promise to customers firm.

We have grown to be able to service hotels, supermarkets, shopping centers and large commercial developments including Cricket Square, Westin Resort, Marriott Resort, Caribbean Plaza and the Ritz Carlton.

IWC leads by putting our employees and customers first! Thus, creating the most efficient, effective, honest, environmentally innovative and profitable waste management company in our jurisdiction. With your help, IWC aims to fulfill its vision to become the ultimate sustainable environmental solution in the Caribbean.

# COMMERCIAL FRONT LOADER SERVICES

REDUCE OVERFLOW WITH THE RIGHT WASTE MANAGEMENT SOLUTION

**IDEAL FOR  
PERMANENT WASTE  
SOLUTION**

#### **2 YARD BIN**

80" WIDTH  
40" HEIGHT  
36" DEPTH

#### **4 YARD BIN**

80" WIDTH  
54" HEIGHT  
48" DEPTH

#### **6 YARD BIN**

80" WIDTH  
66" HEIGHT  
60" DEPTH

#### **8 YARD BIN**

80" WIDTH  
64" HEIGHT  
80" DEPTH

Ideal for any business or property that generates a large amount of waste on a weekly basis. The main benefits of front load service is to store your waste in a metal bin that is resistant to fire, rodents, insects, leaks, and odors. Bins do a great job of facilitating the separation of recyclables.

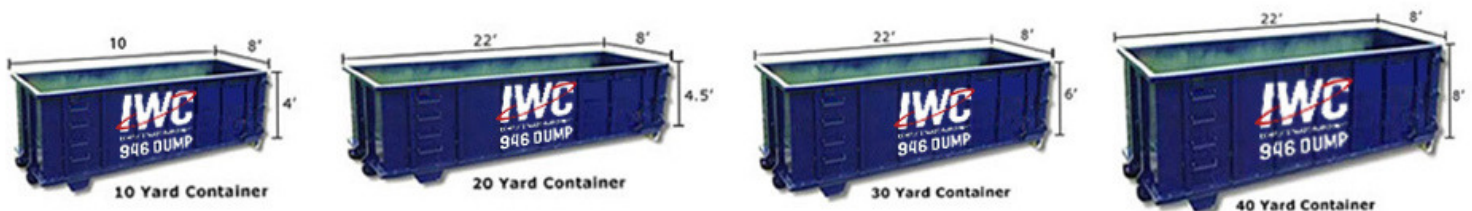

Ask about our non-ferrous scrap metal services for businesses that generate a large volume of recycling materials! Visit [www.islandrecycling.ky](http://www.islandrecycling.ky)

# ROLL OFF SERVICES

IDEAL TO HAVE ON-SITE FOR CONSTRUCTION PROJECTS

**IDEAL FOR HOLDING  
LARGE AMOUNTS OF  
WASTE OR  
CONSTRUCTION  
DEBRIS**

5 and 10 yard roll off dumpsters are ideal for smaller projects, such as cleaning out your garage or other rooms of your home. For tight spaces and crowded commercial areas, these dumpsters are the perfect fit. Contractors often choose our 20 cubic yard dumpster.

A 40-cubic yard dumpster is referred to as a heavy duty construction dumpster, which is ideal for commercial construction projects or commercial demolitions/renovations. This construction dumpster holds an incredible amount of waste, approximately 25 car loads worth. Be sure to have plenty of space available for this dumpster, approximately double the width and height to ensure adequate clearance.

# GRAPPLE TRUCK SERVICES

45 & 50 YARD | RESPONSE TIME WITHIN 24 HOURS

**PERFECT FIT FOR  
PICKING UP BULKY  
WASTE, BUSH, AND  
DEBRIS**

An excellent complement to construction projects. One common application is to use the grapple truck for picking up material during demolition. With attachments like the clam, scoop, and rake, this truck can work with materials as fine as gravel and ballast and as large as ties and tree branches.

Make sure there are no power lines, trees, or structures that would obstruct the truck from loading.

# CURBSIDE SERVICES

COMMERCIAL & RESIDENTIAL

**PERFECT FOR EVENT  
RENTALS & TIGHT  
SPACES**

*Meet Curbie!*

These industry standard curbside bins are easily stackable, space-saving bins and make great receptacles for your restaurants, cafés, business offices, and more.

## Additional Services:

Event Bin Rentals | Steam Pressure Wash & Sanitation  
Heavy Equipment Services | Waste Oil Removal

*Ask about our mini dumpsters!*

Thank you for taking the time to speak with our Island Waste Carriers (IWC) representative. Our company is focused on a long-standing commitment to service, competitive pricing and reliability, always putting “YOU” the customer first. This promise ensures a frustration free, on-time, impeccably clean waste hauling experience.

Our team commends you for recognizing the need for this essential service and making the conscious decision to reduce your environmental footprint.
